

NEW DRAUGHT REGULATIONS FROM JANUARY 2010

STATEMENT FROM WORKING SUB-COMMITTEE

The new Draught Regulations have now been published and these will come into force for all tests run by the Southern Newfoundland Club with effect from 1st January 2010.

It is important for members to note that the Newfoundland Club have decided not to join the Southern and Northern Newfoundland Clubs in adopting these new regulations; therefore with effect from 1st January 2010, the Southern Newfoundland Club will not be able to accept future draught passes from any Newfoundland Club test either to progress up the levels or to count towards multi-passes. All passes prior to this date will still be accepted.

The new Draught Regulations are available to download from the SNC website; alternatively please contact any working sub-committee member so that a copy can be made available to you. If you have any queries regarding the above, please do not hesitate to contact either Sue Dobson, Chairman, or Kay Burrige, Hon. Secretary, Working Sub-Committee.
