

Devon Draught Test Results – February 2022

Test Manager's Report

On behalf of the SNC WSSC I would like to thank Di Vincent for once again allowing us to hold our draught test at her home, it is a wonderful venue for all levels of draughting. I would also like to pass on Di's thanks to those who took part in the painting party on Friday, you know who you are, thank you.

We were lucky with the weather this year, we had a bright, sunny weekend, if a tad breezy and cold, but the dogs weren't complaining.

A smaller entry than we have had in past years, but hopefully that will improve as we all get used to life after the pandemic. Well done to everyone who did attend – you and your dogs worked really well and one or two kept us entertained!

Thank you to our Judges, Stewards and to Pat for all your help in ensuring the test weekend was a success.

Judges Report

I would like to take this opportunity to thank Diana Vincent for allowing us to hold the SNC draught tests again on her land, an ideal environment for these tests & what wonderful weather we had too!

We had 5 entries today with both highly experienced & novice handlers & dogs, 4 of which had excellent passes, well done to you all. Looking forward to seeing you all in the higher levels. The fifth team decided today was going to be the day they were going to be the entertainment with this young dog having the time of his life. Better luck next time

Thank you Southern Newfoundland Club WSSC for inviting us to judge at this level here in Devon. The weather was fine, but windy..

There were 2 entries, but unfortunately only one got through the control section & eventually passing this level completely. A very steady dog and nice pass.

Dave & I would like to thank the SNC for asking us to judge. We judged 4 Teams at this level & had 2 very good passes. The Haul was reasonably challenging with muddy and wet conditions underfoot.
