13th & 14th Aug 2022

Test Managers Report

A Fantastic weekend with 42 tests attempted by a range of abilities across all levels A-E. Particularly lovely to see all the younger dogs in A and B as well as some 'old hands' and a couple of junior handlers showing us how it should be done.

The unusually hot weather was catered for with "dunking" breaks for dogs and humans alike, a gazebo for the judges, a portable fridge and the swapping of stewards to ensure no-one was in the sun for too long. An additional 'risk assessment' was undertaken to ensure all potential issues were covered.

As my first test as 'test manager' I thoroughly enjoyed it and very grateful to everyone who pitched in and helped. A very successful weekend all round. Congratulations to everyone who passed and "keep going" to all those who were so very nearly there.

Thank you SNC for inviting us to judge at this test

There were 5 entries, but unfortunately only 1 pass.

Thank you very much for asking us to judge at such a lovely venue.

One entry who tried really hard, but unfortunately didn't pass today - continue on the training route we discussed & sure you will get there as the dog is good.
